## WORK EXPERIENCE

### Full Stack Web Developer Intern Tazwiz

05/2019 – 12/2019

Toronto

Tazwiz is an online platform that enables students to find work within their area. The platform enables busy individuals to find help that not only is affordable but from experienced locals that are within their community.

Achievements/Tasks

- Planned, developed, tested, deployed, and maintained web applications.
- Provided effective troubleshooting and remediation for web applications.
- Liaised with back end developers, front end developers, quality assurance testers, and CTO as needed.
- Effectively translated client requirements into application designs and systems requirements.
- Planned, wrote, and debugged web applications and software with complete accuracy.
- Followed policies and procedures related to application methods and quality standards at all times.

### Ride Operator Canada's Wonderland

05/2018 – 10/2018

Toronto

Canada's Wonderland is a 134-hectare (330-acre) theme park located in Vaughan, Ontario, a suburb approximately 40 kilometers (25 mi) north of Downtown Toronto.

Achievements/Tasks

- Operating and applying skills learned at training to safely execute the rides for guests and crew members.
- Assisting guests with loading and unloading the rides ensuring safety and their experience.
- Endured compliance with governmental ride regulations.
- Brought a very energetic, confident and professional manner every day for guests and crew members.
- Ensured superior guest experience by addressing customer concerns, demonstrating empathy and resolving problems on the spot.
